DETAILED ACTION

Allowable Subject Matter

Claim 17 is allowed.

Examiner's Statement of Reason for Allowance

The following is a statement of reasons for the indication of allowable subject matter:

Claim 17 is allowed in view of Board of Patent Appeals and Interferences decision decided on May 12, 2010.

The most relevant references are the *Park, Armes and Shub* references. *Park, Armes and Shub* references teaches a method of completing a financial transaction between a user having a payment account and a merchant having a merchant account, the method comprising:

- a) the user logging on to a centralized personal data base using a basic number and a primary number, wherein the basic number is accessible by the user but not by the merchant
- b) the user creating an electronic wallet in the centralized personal data base by inputting a payment account number of the user's payment account to associate with the electronic wallet, a payment limit of the electronic wallet, and an expiration date of the electronic wallet.

Park, Armes and Shub references fail to teach

- c) responsive to the user creating the electronic wallet, the centralized personal data base generating a wallet number associated with the electronic wallet; d) the user making a purchase from the merchant on a purchase date by sending the primary number and the wallet number to

the merchant, wherein the purchase has a price ; e) the merchant sending the primary number and the wallet number to the centralized personal data base ; and f) the centralized personal data base determining whether the purchase is authorized by determining whether the purchase price exceeds the payment limit of the electronic wallet, wherein the purchase is authorized when the purchase price does not exceed the payment limit; g) responsive to determining that the purchase is authorized, the centralized personal data base debiting the user's payment account for the purchase price and crediting the merchant account.

Updated searches revealed no references that disclosed the claimed invention, nor were any further references identified which could be reasonable combined with *Park, Armes and Shub*. For this reason, claim 17 is deemed to be allowable over prior art of record.

Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reason for Allowance".
